INDEPENDENT AUDITORS' REPORT

To the Board of Directors of San Francisco State University Foundation

Opinion

We have audited the accompanying financial statements of San Francisco State University Foundation (Component Unit of San Francisco State University) (the Foundation), which comprise the statements of net position as of June 30, 2024 and 2023, and the related statements of revenue, expenses, and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2024 and 2023, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the Foundation's internal control.
 Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A) on pages 4-15 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying supplemental informational schedules on pages 37-52 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental informational schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2024 on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Long Beach, California September 20, 2024

MANAGEMENT DISCUSSION AND ANALYSIS (Unaudited)

This section of the San Francisco State University Foundation (the "Foundation") annual financial report presents management's discussion and analysis of the financial performance of the Foundation for the fiscal years ended June 30, 2024 and 2023.

The Foundation presents its management discussion and analysis for fiscal year 2024, with comparative data presented for fiscal years 2023 and 2022. The emphasis of the discussions concerning these statements will be on the fiscal years ended June 30, 2024 and 2023. There are three financial statements presented: the statements of net position; the statements of revenues, expenses, and changes in net position; and the statements of cash flows.

The following discussion and analysis is intended to provide the readers of the Foundation's financial statements a better understanding of its financial position and operating activities. The financial statements should be read in conjunction with the related financial statements and footnotes. The financial statements, footnotes and this discussion and analysis were prepared by the Foundation and are the responsibility of its management.

The Foundation

The Foundation is a non-profit auxiliary organization of San Francisco State University (the "University") with a 501(c)(3) designation with the Internal Revenue Service. The Foundation's purpose is to provide private financial support to assist the University in meeting its educational mission.

The Business-Type Activity ("BTA") reporting model has been adopted by the California State University ("CSU") system for use by all its member campuses. The CSU determined the BTA model best represents the combined activities of the CSU and its auxiliary corporations.

Two of the three auxiliary not-for-profit corporations serving the University, of which the Foundation is one, have also adopted the BTA reporting model, primarily for efficiencies gained in combining the three auxiliaries' annual financial statements with the University and ultimately, the combined CSU financial statements.

The Foundation's June 30, 2024 and 2023 financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board ("GASB"). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Highlights of Financial Operations

Operating Revenues and Expenses

In fiscal year 2024, the Foundation made changes to its portfolio mix based on the Foundation's targeted allocations for equities, fixed income and private investments. New investment managers are selected by recommendations from Cambridge Associates, its investment consultant. During the fiscal year, the Foundation added ten new investments to its portfolio.

The Foundation's operating revenue for 2024 increased from the previous fiscal year. Operating revenue consists of administrative fees earned from the management of the endowments. The fee is determined based on the average unitized quarterly balance of the endowments, which can fluctuate with contributions, endowment payouts, interest/dividends and realized and unrealized income earned. The Foundation reports investment return net, which includes interest, dividends, realized and unrealized gains (losses) and investment fees. The operational expenses for the year was \$1,695,132, which is primarily composed of the administrative cost for accounting services performed by the University Corporation, San Francisco State (the "Corporation"), Auxiliary Business Services unit, auditing services, legal, professional consultancy, and salary reimbursement to the University for University staff, who manage the Foundation.

Non-Operating Revenue

Non-operating revenue increased in 2024 over the previous fiscal year by 15%. The increase in non-operating revenue is a result of contributions increasing \$2,669,184 (299%) in 2024. Additionally, there was a transfer of transitional revenue recorded in a prior period to the permanent endowment. Transitional funds are contributions received in which designation of permanent, temporary or quasi endowment occurs after receipt of the gift.

Other Additions and Transfers

Additions to permanent endowments increased in fiscal year 2024 by \$3,306,050 (168%), over the previous fiscal year. Transfers to the University Corporation decreased \$2,088,183 (-23%) in fiscal year 2024. The transfers from the endowments are for scholarships, endowed chairs and other programs carried out by the Corporation. These transfers are in accordance with the Foundation's spending policy.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Financial Position

The statements of net position present the financial position of the Foundation at the end of fiscal years 2024 and 2023. The purpose of the statements of net position is to present to the readers of the financial statements a fiscal summary of the Foundation. From the data presented, the readers of the statements of net position can determine the assets available to continue the operations of the Foundation. The readers are also able to determine how much the Foundation owes its vendors as well as assessing other liabilities. Finally, the statements of net position provide an overview of the net position (assets minus liabilities) and their availability for expenditures.

Net position is divided into two major categories. The first category is Restricted Net Position, which is divided into two categories, Nonexpendable and Expendable. The corpus of nonexpendable restricted resources is available for investment purposes and, in accordance with the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), which calls for using prudent judgment when expending funds to carry out the purpose of the donor. Expendable restricted assets are available for expenditure by the Foundation but must be spent for purposes as determined by the donors and /or external entities that have placed time, purpose or legal restrictions on the use of the assets. The final category is Unrestricted Net Position that are available to the Foundation for any operational purpose of the Foundation.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Financial Position (Continued)

The detailed statements of net position are included in the financial statements. A condensed version is shown below:

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Assets

As of June 30, 2024, current assets increased \$2,634,033 (6%) when compared to the prior fiscal year. Current assets are comprised of cash and cash equivalents, short-term investments, accounts receivable, and other assets. Cash and cash equivalents increased \$409,921 (240%) over the prior fiscal year. The Foundation increased cash held to cover expected expenses, excess cash not needed for expenses are transferred to LAIF for shortterm holding. Short-term investments increased by \$11,080,208 in fiscal year 2024. The increase in short-term investments is primarily related to liquidating investment holdings for the Foundation endowment payout and new endowment contributions which was transferred to LAIF. Short-term investments also consist of an increase in the mix of equities, mutual funds and fixed income. Equities increased \$2,691,929 during fiscal year 2024 compared to fiscal year 2023. Accounts Receivable decreased (-97%) mainly as a result of DE Shaw redemption of \$8,894,601 received in 2024 and reinvested. Related party receivable increased primarily as a result of payments received from auxiliaries for donations due to the Foundation. The Foundation's other assets in fiscal year 2024 increased by \$20,117 (38%) over the prior fiscal year. The increase was attributable to the Foundation recognizing a prepaid tax of \$20,117 for Unrelated Business Income Tax ("UBIT") in fiscal year 2024.

As of June 30, 2023, current assets increased \$18,071,683 (73%) when compared to the prior fiscal year. Current assets are comprised of cash and cash equivalents, short-term investments, accounts receivable, and other assets. Cash and cash equivalents decreased (\$584,337) (77%) over the prior fiscal year. The change is related to the Foundation reducing the amount of cash held on hand with Wells Fargo for operations and increasing LAIF holdings. Short-term investments increased by \$9,489,066 (39%) in fiscal year 2023. The increase in short-term investments is primarily related to liquidating some investment holdings which was transferred to LAIF. The remaining funds which had not been reinvested in new investment vehicles at June 30, 2023, resided in the Foundation Broker Money Market fund. Accounts receivable increased \$9,018,719 (54144%) and from related parties which increased by \$153,250 (1346%) during fiscal year 2023 compared to fiscal year 2022. Accounts Receivable increased mainly as a result of DE Shaw redemption of \$8,894,601. Related party receivable increased primarily as a result of payments received from auxiliaries for donations due to the Foundation. The Foundation's other assets in fiscal year 2023 decreased by \$5,015 (9%) over the prior fiscal year. The decrease was attributable to the Foundation recognizing a prepaid tax of \$5,015 for Unrelated Business Income Tax ("UBIT") in fiscal year 2023

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Assets (Continued)

The Foundation and the Corporation are auxiliaries of San Francisco State University, that have an ongoing relationship where the entities transfer funds between the two organizations throughout the year. The Corporation manages the spending accounts that are associated with the endowments maintained by the Foundation. The Foundation transfers endowment payouts to the Corporation's associated spending account, also the Corporation or Foundation may transfer a portion of contributed funds the entity receives that have a split allocation between the two organizations. In this case, the receiving entity would issue a payment to the other auxiliary for its portion of any contributions received in this manner.

Liabilities

As of June 30, 2024, total liabilities increased by \$577,155 (514%) when compared to the prior fiscal year. Liabilities are comprised of accounts payable, payable to San Francisco State University, payable to the University Corporation, SF State, and other liabilities. Payables to the University is a component of current liabilities increased during the fiscal year by \$1,336 (54.13%). Payables to the University Corporation increased by \$261,426 (2161%) over fiscal year 2023 primarily because deposits received by Foundation at fiscal year-end belonged to the Corporation as current use gifts. Other Liabilities increased by \$314,393 (322%) in fiscal year 2024 over fiscal year 2023 primarily due to contributions received which the purpose or restriction has not been completely identified.

As of June 30, 2023, total liabilities decreased \$ 53,883 (32%) when compared to the prior fiscal year. Liabilities are comprised of accounts payable, payable to San Francisco State University, payable to the University Corporation, SF State, and other liabilities. Accounts payable, a component of total liabilities, on June 30, 2023, decreased by \$50 (100%). Payables to the University increased during the fiscal year by \$2,266 (1122%) due to having only a small payable remaining to the campus on June 30, 3023. Payables to the University Corporation decreased by \$128,564 (91%) over fiscal year 2022 primarily because payments to the Corporation, for accounting services were paid more frequently during fiscal year.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Net Position

As of June 30, 2024, the Foundation's net position is \$179,565,170, which is an increase of \$13,826,899 (8%) from the prior fiscal year. The overall increase is derived from increases in investment performance during fiscal year 2024 increasing the investment holdings.

As of June 30, 2023, the Foundation's net position is \$165,738,271, which is an increase of \$5,621,077 (4%) from the prior fiscal year. The overall increase is derived from increases in investment performance during fiscal year 2023.

Results of Operations

The statements of revenues, expenses, and changes in net position present the Foundation's operating results, as well as the non-operating revenues and expenses. Operating revenues consist primarily of revenue earned from administrative fees. Gifts and investment income are classified, as prescribed by GASB, as net non-operating revenues or expenses. This is an integral component in determining the increase or decrease in net position.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Results of Operations (Continued)

The detailed statements of revenues, expenses, and changes in net position for the years ended June 30, 2024 and 2023 are included in the financial statements. A condensed version is shown below:

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

REVENUES

Operating Revenue

For the year ended June 30, 2024, total operating revenue was \$1,956,171, which is an increase of \$131,524 (7%) from the prior year.

For the year ended June 30, 2023, total operating revenue was \$1,824,647, which is a decrease of \$349,797 (16%) from the prior year.

Administrative fees are the main component of operating revenue earned by the Foundation for management of the endowments. The administrative fee earned is based on the annual 1.25% fee charged by the Foundation.

OPERATING EXPENSES

Operating Expenses

Operating expenses are tied to the use of both restricted and unrestricted funds. Use of unrestricted operating funds are primarily for accounting services provided by the Corporation through its unit, Auxiliary Business Services, audit, consulting, legal salary reimbursements to the University and insurance expenses. The use of restricted operating funds is from the Foundation's administrative fees charged to the endowments. The expenses related to accounting services were \$327,684 and \$325,189 for fiscal years 2024 and 2023, respectively.

NON-OPERATING REVENUES AND EXPENSES

Contributions

Contributions are recognized as revenue when they are verifiable, measurable and the Foundation has met all time and purpose restrictions. Contributions were \$3,562,379 for fiscal year 2024, an increase of \$2,669,184 (299%). Contributions saw growth in fiscal year 2024, as the Foundation received larger bequest to support history and nursing. The change in contributions for fiscal year 2023 was down over the prior fiscal year because of reallocations of contributions from temporarily restricted to permanently restricted which had been received in a prior fiscal year.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Investment Return

The Foundation has a balanced and diversified investment portfolio positioned which continues to allocate investments according to the portfolio targets established in consultation with its investment consultant. During fiscal year 2024, investment earnings were down over the previous fiscal year however earnings were steady and performed positively. Investment earnings for fiscal year 2024 returned \$12,476,304 a decrease of \$745,037 (-6%) compared to last fiscal year, as public equities performed above the benchmarks and private investments had weak returns. The endowment fund returned 8% during the fiscal year, lagging behind the policy benchmark of 14.5%. US Equities and Global Equities were the top performing asset classes though both assets trailed the policy benchmarks. Private Growth and Real Assets were the weakest performing asset class, returning -4.3% and -3.5 % respectively.

The Foundation has a balanced and diversified investment portfolio positioned to perform according to the portfolio targets to outperform the policy benchmarks. During year 2023, investment earnings rebounded over the previous fiscal year. Investment earnings for fiscal year 2023 returned \$13,221,341, an increase of \$32,882,393 (167%) compared to last fiscal year, as in the later part of the fiscal year inflation continued to drop from high levels producing better than expected growth. During fiscal year 2023, the Foundation merged the endowment and green funds into one portfolio in which all endowment funds participate. The endowment fund returned for the fiscal year a preliminary return of 9.7% lagging behind the policy benchmark of 11.9%. Global Equities was the top performing asset class leading the benchmark by 3%. Real Assets was the weakest performing asset class, returning 1.6% lagging behind the policy benchmark by 12.4%.

Other Additions and Transfers

Other Additions highlights contributions received for the permanent endowments. In fiscal year 2024 additions to permanent endowments increased in fiscal year 2024 over the prior fiscal year by \$3,306,050 (168%). Donations received by the Foundation to support the mission of the University including a large contribution of \$4,000,000 to support the College of Ethnic Studies, \$150,000 ongoing support for students in College of Education, \$112,000 received for ongoing support of Chemistry and \$111,874 for support for students in College of Education.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

Other Additions and Transfers (Continued)

Other Additions highlights contributions received for the permanent endowments. Additions to permanent endowments increased in fiscal year 2023 over the prior fiscal year by \$527,414 (37%). Donations received by the Foundation support the mission of the University including \$109,000 in ongoing support for students in Chemistry and Biochemistry, \$500,000 received for ongoing support of masters and credentials students in Graduate College of Education, \$100,000 for support for students in Lam Family College of Business with a minor in information system.

The transfers section highlights the funds transferred to related parties to fund campus programs, scholarships, endowed chairs, and projects carried out by the University or the Corporation, which are not true operational expenses of the Foundation. During fiscal year 2024 \$6,905,919 was transferred to the Corporation which represented the payout from the endowments to the related spending accounts managed by the Corporation to provide scholarships, support department chairs, program supplies, and reimbursed release time. The payout and additional transfer to the Corporation in fiscal year 2024 decreased by \$2,088,183 (-23%) over the prior fiscal year. The decrease is attributed to a large one-time additional transfer from a temporary endowment in 2023. The Foundation payout represents 4% of the average unitized balance of the endowment pool.

During fiscal year 2023, \$8,994,102 was transferred to the Corporation which represented the payout and additional transfer from endowments to the related spending accounts managed by the Corporation to provide scholarships, support department chairs, program supplies, and reimbursed release time. The payout and additional transfer to the Corporation in fiscal year 2023 increased 4,586,568 (104%) over the prior fiscal year.

During fiscal year 2023, the Foundation transferred \$700,000 to the University to support the renovation of the University Academic Advising/CSLD center. This was a reduction of \$715,459 (-4628%) over prior fiscal year. During fiscal year 2022, the Foundation received a transfer of \$15,459 from the University closing out an Athletic account held by the University. This was a reduction of \$2,279,883 (-101%) over the prior fiscal year due the Foundation performing a onetime transfer to the University of remaining funds in the capital endowment for the Mashouf Wellness Center.

The Foundation processes transfers from its transitional accounts created to hold funds that are pending classification to temporary, Quasi or permanent endowment. The Foundation processed transfers from transitional accounts of \$1,155,947 and \$588,238 for 2024 and 2023, respectively. All the required documents for determining the purpose and correct classification of these transitional accounts were completed during fiscal year 2024. There was a total of seventeen funds classified to the permanent endowment.

MANAGEMENT DISCUSSION AND ANALYSIS - CONTINUED (Unaudited)

SIGNIFICANT ITEMS

The Foundation further revised its Investment Policy Statement (IPS) to include screens for divestment from weapons manufacturers. It also released two Requests for Proposals (RFPs) for 1) its investment program oversight and 2) for a consultant to conduct a campaign feasibility/readiness study to support the University's next fundraising campaign. The Foundation selected Cambridge Associates as its new Outsourced Chief Investment Officer (OCIO) to manage its investments. CCS Fundraising was selected as the consultant to conduct the campaign feasibility and readiness study.

The Foundation plans to revise its Bylaws to make modifications to its committee structure to include a Committee on Alumni Relations.

The accompanying notes are an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 1 - ORGANIZATION

The San Francisco State University Foundation (the "Foundation") is a non-profit, tax-exempt California corporation. The Foundation serves as an auxiliary organization of San Francisco State University (the "University"). The Foundation was established in 2007 for the purpose of philanthropy. The Foundation encourages the solicitation and acceptance of private gifts, trusts, and bequests that will help the Foundation in the furtherance of its mission to foster private financial support for the University.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The basic financial statements required by the Governmental Accounting Standards Board ("GASB"), Statement numbers 34 and 35, include a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows. As a component unit of a public institution, the Foundation has chosen to present its basic financial statements using the reporting model for special purpose governments engaged only in business-type activities. This model allows all financial information for the Foundation to be reported in a single column in each of the basic financial statements. In accordance with the business-type activities reporting model, the Foundation prepares its statement of cash flows using the direct method.

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), as prescribed by GASB. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Generally, grants, contributions and similar items are recognized as revenue as soon as all eligibility requirements have been met.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

The Foundation considers assets current when they can reasonably be expected, as part of its normal business operations, to be converted to cash and be available for liquidation of current liabilities within 12 months of the date of the statement of net position. Liabilities that reasonably can be expected, as part of the Foundation's normal business operations, to be liquidated within 12 months of the date of the statement of net position are current. All other assets and liabilities are considered noncurrent, except for those amounts that are required to be reported as deferred outflows or inflows of resources. The Foundation follows GASB 63 and 65, which provide guidance for reporting deferred outflows of resources, deferred inflows of resources and net position in a statement of financial position and related disclosures. The standard defines deferred outflows or inflows of resources as transactions that result in the consumption or acquisition of net position in one period that are applicable to future periods.

The Foundation's net position is classified into the following categories:

- Restricted, non-expendable: Net position subject to externally imposed conditions that
 the Foundation retain the corpus in perpetuity. Net position in this category are
 permanent endowments.
- Restricted, expendable: Net position subject to externally imposed conditions that can
 be fulfilled by the actions of the Foundation or by the passage of time. Net position
 in this category includes endowments for temporary endowments where there is not a
 requirement for the corpus to be held in perpetuity, capital projects which can be
 fulfilled by the actions of the University, and quasi temp restricted endowment with
 purpose restriction which are designated as endowments by the Foundation's board.
- Unrestricted: This represents all Foundation unrestricted net position and quasiunrestricted endowments. Quasi-unrestricted endowments are contributions received by the Foundation with no purpose or endowment designation and the Foundation Board determines the designation and use of funds. Unrestricted net position may be designated for use by management or the Board of Directors. As of June 30, 2024 and 2023, the Foundation maintains operating reserves of \$602,683.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassification

Certain amounts related to the June 30, 2023, financial statements have been reclassified to conform to the current year financial statement presentation.

Cash and Cash Equivalents

Cash and cash equivalents consist of unrestricted cash, checking accounts, savings accounts and money market funds held outside of investment brokerage accounts with an original maturity date of three months or less.

Custodial credit risk - In the case of bank deposits, this is the risk that in the event of a bank failure, the Foundation's deposits may not be returned. The Foundation does not have a formal policy addressing custodial credit risk for its bank deposits. Although the Foundation is not a government agency, the financial institutions in which the Foundation makes its deposits have collateralized the deposits in accordance with Section 53601 et. Seq. of the California Government Code. Wells Fargo is a financial institution whereby the Federal Deposit Insurance Corporation ("FDIC") insures deposits. Deposits of more than the \$250,000 insured amount would be collateralized by the bank by pledging identifiable collateral according to statute. Periodically, as of and throughout the years ended June 30, 2024 and 2023, the Foundation maintained balances in excess of the federally insured limits.

Related-Party Receivables and Payables

Related-party receivables and payables include amounts due from and due to The University Corporation, San Francisco State (the "Corporation") and San Francisco State University.

Other Liabilities

Other liabilities consist of accrued expenses and contributions received but pending required documents for proper recognition.

Accounts Receivable

Accounts receivables are presented net of an allowance for uncollectible accounts. There is no allowance for uncollectible accounts at June 30, 2024 and 2023. Included in accounts receivable at June 30, 2023 is \$8,894,601 related to a full redemption of an investment. This redemption was received in July 2023.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pledges Receivable, net

Pledges receivable are unconditional promises of private gifts to the Foundation. Pledges meeting the requirements specified by GASB Statement No. 33, Accounting and Financial Reporting for Non-Exchange Transactions (GASB 33) are included in the financial statements as pledges receivable and recognized as revenue in the period pledged. Pledges extending beyond one year are discounted to recognize the present value of future cash flows.

Pledges receivable, net as of June 30, 2024 is as follows:

1 year	\$ -
2-5 years	 748,553
Total	\$ 748,553

In subsequent years, this discount is accreted and recorded as additional contribution revenue in accordance with donor-imposed restrictions. The allowance for uncollectible pledges is determined by management. At June 30, 2024, management determined that there were no uncollectible pledges. Discounts are computed using risk-adjusted market rates. The discount rate used to calculate the present value of pledges is 8.50% for fiscal year 2024. The total discount was \$53,747 at June 30, 2024. Conditional promises and intentions to pledge are recognized as receivables and revenue when the specific condition and/or eligibility recognition requirement is met.

Investments

Investments are stated at fair value. The Foundation pools available resources into savings, banking, and investment accounts. Interest and dividends earned are allocated to the respective funds, based on the ratio of a fund's invested resources to the total amount invested.

Investments in alternative investments are based upon fair values of the underlying assets as reported by the entities in their financial statements or as determined by the fund manager. In some cases, the underlying assets are marketable securities with quoted market prices. In other situations, the underlying assets are not marketable, and the fund managers determine valuations. Due to the inherent uncertainty of valuation of non-marketable and restricted investments, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed and the differences could be material. Additionally, these investments may have liquidity constraints, including lock up periods of a quarter or longer.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Endowment Investments

Investments made from donor-restricted endowments are pooled with the Foundation's other investments. Any appreciation of such investments is tracked separately and recorded in restricted net position. The Uniform Prudent Management of Institutional Funds Act ("UPMIFA") passed in July 2006 and as adopted by California in 2008, authorizes an institution to spend the amount it deems prudent considering the donor's intent, the purposes of the fund and relevant economic factors. According to the Foundation's policy, up to 4% of the earnings may be distributed each year. Earnings available for distribution are identified as interest, dividends and realized gains and losses, net of investment fees, and are calculated quarterly based on the average unitized balance of the portfolio.

The Foundation invests these funds to produce current income to meet spending needs and to preserve the real value of the endowment principal. The payout policy objective is interlinked with the investment objectives for the total fund and has been formulated in the context of the overarching goal for prudent management of endowments: to optimize the balance between preserving the real (after inflation) long-term purchasing power of the endowment principal with the need to make annual distributions to campus beneficiaries.

Revenue and Expenses

The Foundation's operating revenue consists of administrative fees earned, related to costs associated with administering endowments. Administrative fees are the main component of operating revenue earned by the Foundation for management of the endowments. The administrative fee earned is based on the annual 1.25% fee and recoupment of investment fees charged for the external management of the endowment funds. The fees are charged quarterly based on the endowments' calculated quarterly average daily balance per the Foundation's Endowment Establishment & Administration policy, which can fluctuate based on earnings and endowment distributions.

The non-operating revenue and expenses category includes revenue from restricted and unrestricted contributions where the restrictions have been met, transfers and expenses related to endowment expendable administrative fees charged per the investment policy. This category also includes investment returns (such as interest, dividends and net realized and unrealized gains and losses).

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue and Expenses (Continued)

The other addition and transfer category includes contributions related to capital projects and permanent endowments and transfers related to funds given to the Corporation and the University as a gift.

Use of Estimates

The preparation of financial statements, in conformity with US GAAP, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

The Foundation is a not-for-profit Foundation and is exempt from federal and state income taxes under provisions of Section 501(c)(3) of the Internal Revenue Code and the California Tax Code. Continuance of such exemption is subject to compliance with laws and regulations of the taxing authorities. Certain activities considered unrelated to the tax-exempt purposes of the Foundation might generate income, which is taxable. The Foundation paid \$1,818 and \$5,093 for unrelated business income in fiscal year 2024 and 2023, respectively, due to Foundation's alternative investments. The statute of limitations for federal and California state purposes is generally three and four years, respectively.

Fair Value Measurement

The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement provides guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the measurement date.
- Level 2 Inputs (other than quoted market prices included within level 1) that are observable for the asset/liability, either directly or indirectly.
- Level 3 Unobservable inputs for the asset/liability; used to the extent that observable inputs are not available.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurement (Continued)

Net Asset Value ("NAV") - the fair value of underlying assets as reported by the entities in their financial statements or as determined by the fund manager. In some cases, the underlying assets are marketable securities with quoted market prices. In other situations, the underlying assets are not marketable, and valuations are determined by the fund managers. Due to the inherent uncertainty of valuation of non-marketable and restricted investments, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material. Additionally, these investments may have liquidity constraints, including lock-up periods of a quarter or longer.

NOTE 3 - INVESTMENTS

Investments consists of the following as of June 30, 2024:

Management Fees	 (1,510,342)		(1,263,337)
	\$ 12,476,304	\$	13,221,341

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 3 - INVESTMENTS (CONTINUED)

Interest rate risk - The Foundation mitigates its interest rate risk with professional money managers that use their judgment on the selection of debt securities. The Foundation does not currently have a formal policy on future maturity limitations.

Credit risk - Credit risk is the risk that an issuer of an investment will not fulfill its obligation to repay the debt security when due. The Foundation's investment policy provides that the fund will be diversified both by financial asset class (e.g., stocks and bonds) and within financial asset classes (e.g., within stocks by economic sector, quality, and market capitalization). The purpose of diversification is to enhance prospective returns, lower the volatility of the overall assets, and provide reasonable assurance that no single security or class of securities will have a disproportionate impact on the total portfolio. Federal agency issues, bond funds (bond index funds and intermediate term funds), and money market funds do not have a rating provided by a nationally recognized statistical rating organization.

Concentration of credit risk – Concentration of credit risk of loss is attributed to the magnitude of the investment in a single issuer. The Foundation's investment policy contains no limitations as to how much can be invested with any one issuer. As of June 30, 2024, the Foundation's fixed income investments did not have exposure to any single issuer exceeding 5% of the total endowment portfolio, except for the US Treasury.

Custodial credit risk – Custodial credit risk represents the risk that, in the event of failure of counterparty, the Foundation will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. US Bank is insured by SIPC for securities and cash in the event of broker-dealer failure. SIPC provides up to \$500,000 of a customer's portfolio, with a \$250,000 limit for cash. Excess coverage covers some additional assets after SIPC coverage is exhausted. The Foundation does not have a formal policy covering custodial credit risk for its investments.

Local Agency Investment Fund

Under Federal Law, the State of California cannot declare bankruptcy, thereby allowing the Government Code Section 16429.3 to stand. This section states that "moneys placed with the Treasurer for deposit in the Local Agency Investment Fund ("LAIF") by cities, counties, special districts, nonprofit Foundations, or qualified quasi-governmental agencies shall not be subject to either of the following: (a) transfer or loan pursuant to Sections 16310, 16312, or 16313, or (b) impoundment or seizure by any state official or state agency".

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 3 - INVESTMENTS (CONTINUED)

During a legislative session, California Government Code Section 16429.4 was added to the LAIF's enabling legislation. The section states that "the right of a city, county, city and county, special district, nonprofit Foundation, or qualified quasi-governmental agency to withdraw its deposited moneys from the LAIF, upon demand, may not be altered, impaired, or denied in any way, by any state official or state agency based upon the state's failure to adopt a State Budget by July 1 of each new fiscal year".

Participating agencies' portions of the fund are held at fair value using NAV information provided by LAIF.

NOTE 4 - FAIR VALUE MEASUREMENT

At June 30, 2024 and 2023, the Foundation's investments consist of the following assets, which are classified by level within the valuation hierarchy on a recurring basis at June 30:

	2024						
	Level 1	Level 2	Level 3	NAV	Total		
Broker Money Market

NOTE 4 - FAIR VALUE MEASUREMENT (CONTINUED)

Alternative Investments Measured at NAV (Continued)

- 1. Equity long/short hedge funds. This type includes one fund in small-cap public companies as a long-term and value-added shareholder.
- 2. Hedge funds. This type of investment vehicle includes 13 funds investing primarily in securities emerging markets, international equity, global equity, and fixed income. Three funds have been fully redeemed as of fiscal year end.
- 3. Private equities. This type includes 26 funds that invests in technology, education, healthcare and financial services; private equity funds; start-ups addressing disparities in historically marginalized communities; and renewable energy and closely related companies and assets, which represent the largest exposure. For this type of investment, distributions are received through the liquidation of the underlying assets of the fund.
- 4. Private equity/real estate funds. This type includes 2 funds that invest in real estate projects in Northern California, with a primary focus on the SF Bay Area. Distributions from the funds will be received as the underlying investments of the funds are liquidated.
- 5. Commingled funds. This type includes 15 funds consisting of assets from blended accounts, which invest in long/short equity. The underlining investments are invested in U.S. stocks, global stocks, international stocks, and emerging market stocks. Most of the funds can be redeemed monthly.
- 6. Open-ended mutual fund. This type includes one fund consisting of diversified portfolio mutual funds investing in companies that are expected to benefit from global climate change efforts. The fund invests in clean energy holdings, energy efficiency, agriculture, copper, electric grid, and water. The fair value for this investment type has been determined by the portfolio's daily NAV.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 5 - ENDOWMENTS (CONTINUED)

The Foundation's endowment policy during fiscal years 2024 and 2023 allowed up to a 4% annual payout based on the rolling 12-quarter average unitized balance of the endowment fund. The 4% annual payout was not changed during the year and disbursements were allowed. The Foundation had endowment funds underwater in the amount of \$33,136 and \$100,850 at June 30, 2024 and 2023, respectively. Underwater is defined as the current endowment value of an endowment gift being less than the value of the original endowment gift.

NOTE 6 - TRANSACTIONS WITH RELATED ENTITIES

The Foundation is an auxiliary organization affiliated with the University and the California State University (CSU) System statewide. The Foundation is also affiliated with the Corporation and Associated Students of San Francisco State University, auxiliary organizations of the University and CSU. The accompanying financial statements include transactions with related parties as of and for the years ended June 30, 2024 and 2023, as follows:

	 2024	 2023
Payments to the University for salaries of University personnel		
working on contracts, grants, and other programs	\$ 342,292	\$ -
Payments to the University for other than salaries of		
University personnel	\$ 539,752	\$ 1,250,637
Payments to Corporation for scholarships, other endowment		
spendable accounts, donations received by the Foundation		
that belong to the Corporation, fee for accounting services		
provided by the Corporation, and other various		
reimbursements	\$ 7,627,558	\$ 10,534,309
Payments to Associated Students	\$ 10,079	\$ -
Payments received from University for services, spaces, and		
programs	\$ 1,245	\$ -
Payments received from the Corporation	\$ 666,136	\$ 1,167,204
Amounts payable to the University	\$ 3,804	\$ 2,468
Amounts due to the Corporation	\$ 273,521	\$ 12,095
Amounts due from the Corporation	\$ 20,119	\$ 164,638

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2024 and 2023

NOTE 7 - RISK FINANCING ACTIVITIES

The Foundation is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the Foundation carries commercial insurance. The Foundation has not had any significant reduction in insurance coverage, and there have been no claims in excess of coverage in any of the past three years.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

From time to time, the Foundation is subject to various claims and legal proceedings covering a range of matters that arise in the ordinary course of its business activities. In the opinion of management, although the outcome of any legal proceedings cannot be predicted with certainty, the ultimate liability of the Foundation in connection with its legal proceedings is not expected to have a material adverse effect on the Foundation's financial position and activities.

NOTE 9 - ADMINISTRATIVE FEE

The Foundation charges an administrative fee of 1.25% annually plus recoupment of investment fees paid to manage the endowment funds. This is calculated quarterly on the average unitized balance of all endowments managed by the Foundation per the endowment policy. Administrative fees of 1.25% in the amounts of \$1,956,171 and \$1,824,647 were earned by the Foundation during the years ended June 30, 2024 and 2023, respectively

NOTE 10 - SUBSEQUENT EVENTS

The Foundation has reviewed its financial statements for all subsequent events through September 20, 2024, the date the financial statements were issued.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of San Francisco State University Foundation

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of San Francisco State University Foundation (Component Unit of San Francisco State University) (the Foundation), which comprise the statement of net position as of June 30, 2024 and 2023, and the related statements of revenue, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 20, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the Foundation's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Long Beach, California September 20, 2024

lindes, Inc.

San Francisco State University Foundation (Component Unit of San Francisco State University)

Schedule of Findings For the Year Ended June 30, 2024

SECTION I - SUMMARY OF AUDITORS' RESULTS

Financial Statements

The auditors' report expressed an unmodified opinion on whether the financial statements of San Francisco State University Foundation were prepared in accordance with generally accepted accounting principles.

Internal control over financial reporting

- 1. Material weakness(es) identified? None reported
- 2. Significant deficiencies identified? None reported
- 3. Noncompliance material to financial statements noted? No

SECTION II - FINDINGS - FINANCIAL STATEMENTS AUDIT

None reported

SECTION III - STATUS OF CORRECTIVE ACTION ON PRIOR-YEAR FINDINGS

None reported
